

Date/Time	Field Trip Name	Description	Zoom Link
Monday, May 9th 6 – 6:40pm	Radical Reactions	Observe the explosive ways chemicals unite and react in this high energy show! Discover the signs of chemical reactions through experimentation and learn how this creates the world around us.	Available upon request at sciencefair@puestadelsolpta.org
Tuesday, May 17th 6 – 6:40pm	Global Soundscapes	Embark on an ear-opening journey into the science of sound and the exciting new field of soundscape ecology. Hear sounds from across the globe as we investigate the properties of sound and learn about the tools that scientists use to record and analyze complex soundscapes. Discover what soundscapes can tell us about the changing health of our planet.	
Wednesday, May 25th 6 – 6:40pm	Planetary Geology	Take a wild virtual ride to explore the planets and moons that make up Earth’s neighborhood, the solar system. Explore these unique landscapes, and see deep craters, magma filled volcanoes, giant seas of methane, and icy oceans.	

Zoom links and passwords are NOT to be shared outside of the Puesta del Sol community.
